# FINSA TECHNICAL MATTE ELECTRON BEAM CURE (EBC)

*Technical Matt is a new range of decorative solutions specially designed for heavy-duty horizontal use. The surface combines acrylic lacquers and an electron beam drying system that gives it excellent properties: it is antibacterial, resistant to scratching, and dry heat. This collection of designs in an ultra-matt, velvet-touch, antifingerprint finish, are rated for use on horizontal and vertical surfaces. It is also suitable for food contact.*
